

EAN:	4013288099907	Size:	230x60x16 mm
Part number:	05134398001	Weight:	66 g
Article number:	899/4/1 SB SiS	Country of origin:	CZ
		Customs tariff number:	84661038

- For the take-up of bits with 1/4" hexagon head drive as per DIN ISO 1173-C 6.3
- Stainless sleeve, retaining ring and strong permanent magnet
- The retaining ring ensures a secure fit of the tool in the holder
- Strong permanent magnet holds the bits absolutely securely
- 1/4" hexagon, suitable for power screwdrivers with take-up as per DIN ISO 1173-F 6.3

Universal holder for the take-up of bits with 1/4" hexagon head drive as per DIN ISO 1173-C 6.3. Stainless steel sleeve for very special corrosion protection. The retaining ring ensures an optimum fit of the tool in the holder. The strong permanent magnet holds the bits absolutely securely. 1/4" hexagonal, suitable for power screwdrivers with take-up as per DIN ISO 1173-F 6.3.

Universal Bit Holders with Stainless Steel Sleeve

Set contents:

899/4/1
05053458001 1 x 1/4" x 152 mm

Bit Holders and Adaptors

We were not happy that bit change with bit holders was often quite cumbersome. We found out that strong magnets or retaining rings indeed hold the bit securely, but they greatly impede removal from the holder. So we have developed bit holders that indeed reliably hold the bit, yet still allow for fast and trouble-free bit change. The solution: bit holders with quick-release mechanisms that lift the bit from the magnets. Bit holders which – depending on the requirements – additionally have elastic zones that absorb peak loads. Or rapid-spin sleeves with which the cordless or electric screwdrivers can be guided during the screwdriving process.

Universal holder with stainless steel sleeve

The retaining ring and the strong permanent magnet ensure a particularly secure fitting of the bit in the holder.
