

Dimmable LED Driver, 2x25W, MB

Item: 9974068

MALMBERGS

Product information

Make Malmbergs. Dimmable LED driver. Light regulation 0-100% by means of PUSH function. No limitation of the number of drivers when they are connected to the same switch. No synch-cable is required between the drivers.

220-240V, 50/60Hz.

Specifications

Additional information	Table drivers
Constant current output DC	350mA, 700mA
Dims (LxWxH)	123x80x30 mm
Max. output voltage DC	60V
Max. power	2x25W
No. of diodes	Max. at 350mA 2x16(1,2W), at 700mA 2x10(2,45W)
Protection class	IP54
