

HIGHLIGHTED PRODUCT More information on: www.dino-lite.eu/rk-10a

RK10A

A sturdy and stable high-end stand solution. The Dino-Lite RK-10A is a sturdy and stable high-end stand solution that can be used with all the professional Dino-Lite models. It is constructed of resilient stainless steel and lightweight aluminum and offers a very precise fine-focus adjustment as well as a quick release function.

The quick release button allows for fast and convenient vertical movement and the fine-focus adjustment knob is especially useful at high magnification. This model also includes an adjustable safety stop to prevent the microscope from touching the specimen. Its adjustable horizontal arm has a 15cm range with 360-degree rotation and the additional arm (included) increases its effective range to observe larger objects. With these features, the RK-10A is the ideal accessory for precise orientation and positioning for maximum productivity and ease of use in a wide range of environments including industrial, scientific and laboratory settings. Available extensions for the RK-10A stand: RK-10-EX: additional horizontal arm - RK-10-FX: flexible arm extension – RK-10-VX: vertical arm extension.

Available extensions for the RK-10A stand:

RK-10-EX: additional horizontal arm

RK-10-FX: flexible arm extension

RK-10-VX: vertical arm extension
