

6004 Joker 4 set 1 self-setting spanner set, 4 pieces

6004 Joker self-setting, adjustable spanner

EAN:	4013288217516	Size:	265x120x45 mm
Part number:	05020110001	Weight:	981 g
Article number:	6004 Joker 4 Set 1	Country of origin:	CZ
		Customs tariff number:	82041200

- The compact folding pouch with four adjustable Joker 6004 spanners covers all metric and imperial dimensions in applications from 7 to 19 mm or 1/4" to 3/4"
- Automatic and continuous gripping of the hexagon screw or bolt
- Lever mechanism when gripping avoids slippage and damage
- Fast and consistent screwdriving without removing the wrench thanks to mechanical ratchet function
- Return angle of only 30° through placement in the corner-width rectangular prisms in the mouth

Many users wish to have a universal screwdriving tool with the widest possible range of applications. It should be a single tool for multiple metric and imperial dimensions. It should automatically adjust to the different screw sizes. It should be safe to grab without damaging anything and should allow for high working speeds. With its continuous and parallel jaws the Joker 6004 replaces several single spanner sizes. The required size is automatically and continuously set when attaching the tool to the hexagon bolt or screw. The integrated lever mechanism securely clamps the hexagon screw or bolt between the jaws, which significantly reduces the risk of slippage or damage. The ratchet feature ensures fast and consistent screwdriving without removing the tool. By using the corner-width rectangular prisms, a return angle of only 30° can be achieved. The single-arm design, in conjunction with the ratchet feature and the corner-width prism, makes it possible to work even in confined spaces. The adjustable Joker 6004 is the universal screwdriving tool. Self-setting. Gripping. Spanning. 4-piece set for at least 18 different metric and imperial screw drives, comes in a compact folding bag. The Joker bags are suitable for attachment to walls, shelves, workshop trolleys and the Wera 2go system thanks to the hook and loop fastener system on the back.

6004 Joker 4 set 1 self-setting spanner set, 4 pieces

6004 Joker self-setting, adjustable spanner

Set contents:

	6004 Joker XS 05020099001 1 x 7-10 x 1/4"-3/8" x 117 mm		6004 Joker S 05020100001 1 x 10-13 x 7/16"-1/2" x 154 mm
	6004 Joker M 05020103001 1 x 13-16 x 1/2"-5/8" x 188 mm		6004 Joker L 05020101001 1 x 16-19 x 5/8"-3/4" x 224 mm

Joker 6004: Automatically and continuously self-setting

The compact folding pouch with four adjustable Joker 6004 spanners covers all metric and imperial dimensions in applications from 7 to 19 mm or 1/4" to 3/4"

With its automatically and continuously gripping parallel jaws the Joker spanner 6004 covers all dimensions in the respective field of application. The tool automatically finds the required size when placed on the bolt or screw, no setting required.

Joker 6004: Gentle to the screw

The parallel smooth jaws of the Joker 6004 allow surface pressure and can thus prevent rounding of the bolt or screw head, which can occur during power transmission on corners.

Joker 6004: Ratchet mechanism for fast work

The ratchet function in the mouth sees to fast and consistent screwdriving without removing the tool.

Joker 6004: Small return angle

Thanks to the corner-width rectangular prisms, a return angle of only 30° can be realized.
