- L-keys for hexagonal socket screws
- Hex-Plus allows socket head screws to live longer
- High corrosion protection thanks to chrome-plating
- L-keys are quickly to hand thanks to their size markings
- Wear-resistant clip material for enhanced durability

High quality L-key set for hexagonal socket screws. Hex-Plus offers a larger contact surface within the screw head. This reduces the notching effects to a minimum and almost completely eliminates the risk of destroying the screw recess. The precise chrome-plated design ensures high corrosion protection; with extra-long arm.

L-Keys for Hexagon Socket Screws

Set contents:

| 950 L                     |                  |
|---------------------------|------------------|
| 05021600001 <sup>1)</sup> | 1 x 1.5 x 90 mm  |
| 05021605001               | 1 x 2 x 100 mm   |
| 05021610001               | 1 x 2.5 x 112 mm |
| 05021615001               | 1 x 3 x 126 mm   |
| 05021620001               | 1 x 4 x 140 mm   |
| 05021625001               | 1 x 5 x 160 mm   |
| 05021630001               | 1 x 6 x 180 mm   |
| 05021635001               | 1 x 8 x 200 mm   |
| 05021640001               | 1 x 10 x 219 mm  |

1) Regular hexagon

L-Keys

We questioned the classic L-key design, since all too often the screw head recess is rounded out, meaning screws can no longer be tightened or loosened – and so the user finds the L-key slipping out of the recess. Wera Hex-Plus tools have a larger contact surface in the screw head. The notching effects are reduced and thereby the deformation of the screws. At the same time, as much as 20 % more torque can be applied.

Hex-Plus

Hexagon screws can endure a problem because the contact surfaces delivering the power from the conventional tool, is transferred to the screw via very small surface areas. The consequence: the screw can become damaged (rounding out). Hex-Plus tools have a greater contact surface that prevents this from happening! At the same time, as much as 20 % more torque can be applied. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

Size identification

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes – for simple and rapid accessing of the required tool. Making it easy to find the right tool.

Surface protection

Chrome-plated hexagon L-keys for outstanding surface protection and long service life. High corrosion protection.
