Code:	05066108001	Weight:	5,02 g
Article-No.		Country of origin:	CZ
		Customs tariff no.:	82079030

- For recessed TORX® screws
- BiTorsion zone to absorb peak loads
- Diamond coating for a secure fit in the screw, literally bites into the screwhead to prevent cam-out
- 1/4" hexagon drive (Wera connecting series 1)
- "Take it easy" Tool Finder: colour coding according to profile and size

Bits for recessed TORX® screws with tiny diamond particles on the bit tip. This ensures a secure fit of the bit in the screw, reduces the contact pressure required and lowers the risk of slipping. Come with a Torsion zone - where kinetic energy is diverted from peak loads - and softer BiTorsion zone to prevent the bit tip from twisting under peak loads. This greatly extends the product service life. 1/4 hexagon, suitable for holders as per DIN ISO 1173-D 6.3."
