number:

- L-keys for TORX® BO screws to loosen safety connections
- Colour coded, easy-to-grip plastic sleeve, even at low temperatures
- BlackLaser tempered offers optimum surface protection for a long service life
- The ballpoint allows offset working
- Wear-resistant inscription of the sizes of the L-keys contained on the clip

L-keys with thermoplastic sleeve (SPKL) out of easy-to-grip circular material. The sleeve ensures that work is pleasant and easy on the fingers even at low temperatures. All L-keys are quickly to hand thanks to their colour coding and size markings. The wear-resistant clip material ensures secure storage of the L-keys as well as simple removal. For TORX® and TORX® B0 (with bore hole) connections.

Set contents:

967 SPKL TORX® BO Multicolour

05024351001¹⁾ 1 x TX 9 x 79 mm 050243500011) 1 x TX 8 x 76 mm 05024352001²⁾ 1 x TX 10 x 85 mm 05024353001 1 x TX 15 x 90 mm 05024354001 1 x TX 20 x 96 mm 05024355001 1 x TX 25 x 104 mm 05024357001 1 x TX 30 x 122 mm 05024358001 1 x TX 40 x 132 mm 05024356001 1 x TX 27 x 112 mm

Product without bore hole at the short and without ball-end at the long arm.

Product without ball-end at the long arm.

TORX® with borehole (B0)

L-key for TORX® socket screws with safety pin

TORX® tools with a borehole prevent the unauthorised unfastening of safety screws. The screws contain a pin that protrudes into the drive profile so that "normal" TORX® tools cannot be used. This pin fits into the borehole of TORX® BO tools allowing safety screws to be unfastened.

TORX® ball tip

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, "around-the-corner" screwdriving jobs.

Magnetiser/Demagnetiser

For recessed screws, it's often advantageous for the screw to be held on the L-key by magnetic force. The Wera clips with magnetiser/demagnetiser enable a magnetisation/demagnetisation of L-keys in a flash.

Secure hold and easy removal

The wear-resistant clip material ensures that the L-keys are securely held yet are easy to remove.
