

## re\_computer case: Stackable Middle Frame

---

### SKU

110991404

### PRODUCT DETAILS

---

#### Features:

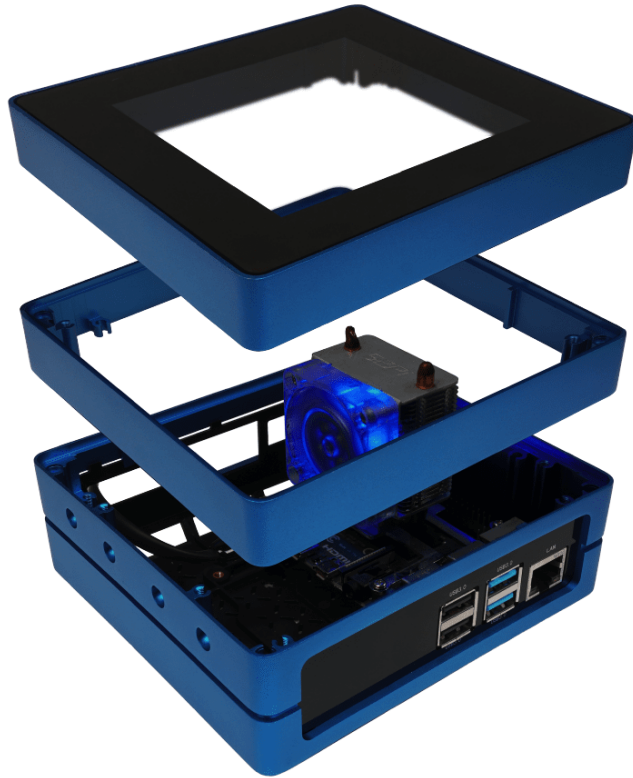

---

- **The stackable structure that can be placed on top of the re\_computer case**
- **Multiple stacks** for multiple extensions

#### Description:

---

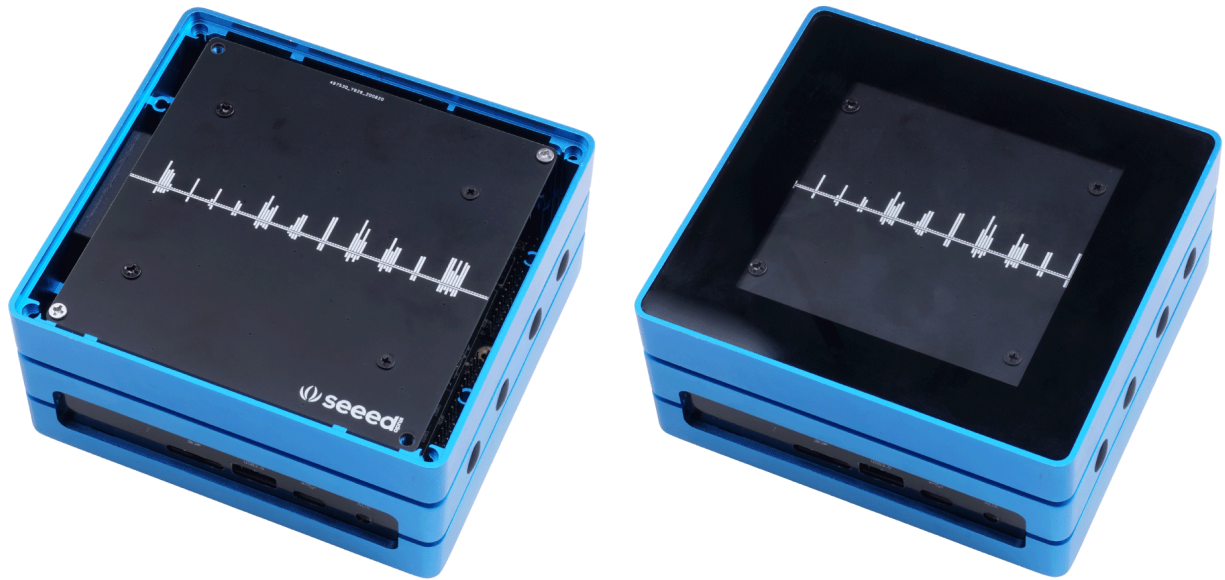

This is the **stackable middle frame for the re\_computer case**, which can be used to **extend the overall height inside the re\_computer case** allowing more extensions such as Pi-Hats, Capes, LCDs, Fans, and even HDD hard drives and so much more.

To add extra modules to your SBC, the stackable frame would be an ideal solution to expand the capacity of your recomputer case.

Each stackable case adds **an extra 21mm height** to your original recomputer case.

## Part List:

---

re\_computer case: Stackable Middle Frame x 1
