HiViz Industrial Cable Protectors

Yellow hazard stripes on both sides of the HiViz profiles are clearly visible day or night, giving early warning to fork lift, truck and lorry drivers.

Specifically designed to protect cables against harsh out door conditions.

Suitabilty for all types of industry, particularly construction sites, computer rooms and warehouses.

In tough industrial applications, Industrial profiles are designed to protect dangerous power cables and pipes from damage by all forms of wheeled traffic.

- Fire tested to BS 476 Part 7 Class 3
- Low smoke, non toxic and a low fume emission level in the event of fire
- Tested for non conductivity to BS903-C5, 500V
- UV stabilised for extended life
