

Wiha FlipSelector and XLSelector.

Couldn't be smaller!

The Wiha FlipSelector: simplest handling guaranteed.

As the successor of the XSelector, the FlipSelector also features compactness, but combines it with even easier handling and 2 additional bit slots.

Now with 12 bits, the configuration variants can be ideally adapted to individual types of applications.

Simply slide the Wiha logo down and the bit clamping element pivots by 180° and releases the bits for removal.

The XLSelector is perfect for those who need more than 12 bits. It holds 30 bits and thus covers an extremely broad fastening spectrum. Thanks to its super-flat design, it fits easily into any electrical toolbox.

Always ready to hand, without annoying searching.

Because it is extremely flat and compact, the XLSelector fits into any case

Wiha FlipSelector

- Contains 12 bits and a bit holder
- Bit box made of impact-resistant polyamide – permanently robust
- Effortless handling, opens at the press of a button
- At 99 x 63 x 17 mm, it fits into any shirt or trouser pocket
- Optional belt clip available to facilitate work further

Wiha XLSelector

- Extremely flat and compact bit box containing 30 bits and a bit holder
- Simple removal of the clearly arranged bits
- At 135x80x17.5 mm, there is space for the XLSelector even in fully packed electrical toolboxes

Wiha XLSelector.

Couldn't be smaller!

Standard and security bits.

7948-005 XLSelector Standard, mixed, 31 pcs.

Housing: Box made of high quality plastic.
The simplest bit removal guaranteed.

Bits: 25 mm Standard bits.

Bit holder: Universal holder, magnetic.

Application: All types of fastenings for trade and industry – it can't get any more compact!

Extra: Soft zones for maximum working comfort.
