

## DOCUMENT HOLDER

**41-093-00xx**

Permanent antistatic and low tribo-charging transparent document holder

### Film construction

Vernis dissipateur
Polyester
Polyéthylène
Vernis dissipateur

### Standard compliance

IEC 61340-5-1,  
2002/95/EC (RoHS directives)

### Material and Features

Thickness:	150µ (6.0 mils) +/- 10%
Tensile strength:	150µ: > 7500 psi
Elongation :	150µ: 700%
MVTR :	< 0.25 grams/100 in <sup>2</sup> /24h
Transparence :	95% +/-5%

### Electrical properties

Surface resistance:	< 10e11 Ohm (both surface), IEC 61340-2-3
Decay time:	From 1000V to 100V < 2 sec.
Shielding barrier:	No

### Specifications

#### **41-093-0015**

Shape:	L-model without side perforation
Size:	A4
Dimensions:	220 x 308 mm
Shelf life:	Permanent if the document holder is not damaged
Packaging:	Pack of 100

#### **41-093-0010**

Shape:	one side open (length) / with side perforation
Size:	A3
Dimensions:	460 x 305 mm
Shelf life:	Permanent if the document holder is not damaged
Packaging:	Pack of 100
