

Wiha SYSTEM 6.

The space-saving all-rounder.

Are you looking for a versatile and space-saving system for your toolbox or for use on the road?

Then our **SYSTEM 6** exchange tools with 6 mm reversible blades and suitable handles are exactly the right solution for you. Just select the right variations for your application among the wide choice of handles and reversible blades or simply decide for one of the **SYSTEM 6** sets.

- The starter sets with tough roll-up bag are already equipped with the most common reversible blades, but also offer room for a maximum of 11 further reversible blades.
- The extensive professional sets are the perfect solution if you need a professional universal set in a rigid box.
- The practical roll-up bag sets are especially handy and space-saving.

The Wiha **SYSTEM 6** reversible blade systems are high quality products with industrial quality that fulfill maximum demands thanks to first class materials and manufacturing. The 150 mm long reversible blades are manufactured from chrome-vanadium molybdenum steel and are through hardened. The various handles are particularly ergonomically designed and guaranteeing optimal power transmission.

With the Wiha **SYSTEM 6** series you always have the right tool on hand for a wide range of applications - ideal for industry, trade and the ambitious handymen.

The Wiha SYSTEM 6 range is the compact all-rounder for different applications.

Thanks to the ClickStop ball clamp in each telescopic handle, 24 different visible blade lengths can be set between 42 and 114 mm in 3 mm increments.

Wiha SYSTEM 6.

- Versatile reversible blade system in industrial quality
- Expandable individual tool system
- Ergonomic handles for almost every application
- Blades of high-quality, tough yet elastic chrome-vanadium-molybdenum steel, through hardened
- Titanium silver surface for high corrosion protection

Wiha SYSTEM 6.

The space-saving all-rounder.
