Ready Rails 2U Static Rails for 2/4-Post Racks

Manufacturer part K085T | Dell part 770-BBIO | Order Code 770-bbio | Dell

The ReadyRails™ static rail kit for 2U Systems provides tool-less support for 2/4-post racks with square or unthreaded round mounting holes including all generations of Dell™ racks. It also supports tooled mounting in 4-post threaded racks and 2-post (Telco) racks for added versatility. The static rails support a wider variety of racks than the sliding rails but do not support serviceability in the rack and are thus not compatible with the CMA. This product has been tested and validated on Dell systems. It is supported by Dell Technical Support when used with a Dell system. Notes: Screws are not included in the static rail kit due to the fact that threaded racks are offered with a variety of thread designations. Users must therefore provide their own screws when mounting the static rails in threaded or 2-post racks

Compatibility

This product is compatible with the following systems:

- BSN Recorder Node
- PowerEdge R510
- PowerEdge R515
- PowerEdge R520
- PowerEdge R530
- PowerEdge R540
- PowerEdge R720
- Poweredge R720xd
- PowerEdge R730
- PowerEdge R740
- PowerEdge R740XD
- PowerEdge R7415
- PowerEdge R7425
- PowerEdge R750
- PowerEdge R7515
- PowerVault DR4000
- PowerVault DX6112 SN
