## Overview

Magic Keyboard is now available with Touch ID, providing fast, easy, and secure authentication for logins and purchases.

Magic Keyboard with Touch ID delivers a remarkably comfortable and precise typing experience. It's also wireless and rechargeable, with an incredibly long-lasting internal battery that will power your keyboard for about a month or more between charges.<sup>1</sup> It pairs automatically with your Mac, so you can get to work right away. And it includes a woven USB-C to Lightning Cable that lets you pair and charge by connecting to a USB-C port on your Mac.
