

10" / 254 mm Titanium Coated Offset Right Hand Tradesman Shears

Product Details

Catalog No.	CW10T
UPC	037103333261
Set	No
Blade Length	3.75 in, 9.5 cm
Weight (Catalog)	0.600 lb, 240 g
Packaging	Carded

Features

- Precision cut blades feature titanium coated premium grade steel and are precision engineered for knife-like cutting edges
- Offset handle design keeps hands above material for safety and easy table top cuts
- Touch point ergonomics optimize hand and finger contact points in handles to maximize fit, control, and user ergonomics
- Titanium coated blades provide corrosion resistance and are 3X harder than steel for durability and tool life
- Control channel accommodates index finger for increased control and cutting stability
- TPR comfort grip handles are strategically textured using soft-grip TPR to provide best-in-class user comfort and control

Overview

Crescent Wiss® Professional Shears feature premium-grade steel blades with a titanium coating that is three times harder than steel for extra durability and longer edge life. An offset handle design keeps hands above the material for safety and easier table-top work, while optimized handle contact points and an index finger “control channel” improve cutting power and increase stability. Touch-point ergonomic handles feature soft textured TPR grips and are designed specifically for right handed users in order to deliver the ultimate in comfort and control.
