ICY BOX IB-2260SSK-12G

Backplane for 6x 2.5" SATA/SAS HDD/SSD

Six times storage

Six 2.5" HDDs or SSDs fit into this enclosure and can be installed in a 5.25" bay in a PC, server or similar device. The carriers are also provided with a lock that prevents accidental opening and unauthorized access.

With highspeed to your data

With support for SAS III and SATA III you can find high data transfer rates of up to 12 Gbit/s, that will get your data in no time.

What is your status?

In order to be able to see how the backplane is doing and what is currently happening, LEDs provide information about power and HDD/SSD access. And when something goes wrong, a LED signal will warn you of overheating or fan failure.
