### Type-C™

USB 3.0 Type-C™ ports have two distinct advantages over the traditional USB plugs. They are smaller and therefore ideal for thin laptops and mobile devices and it is no longer necessary to insert the connector in a particular orientation. It always fits and thus saves the user a lot of small annoyances when connecting devices.

### Double threefold-power

With the IB-HUB1406-C one Type-C™ port triplicates into three fast USB 3.0 ports, furthermore the Gigabit-LAN port triples your network speed compared to standard WiFi. Also, Network connections become much more reliable.

### Quality

There are many words to describe outstanding material quality and design, the better option is to take a look for yourself. We are proud to offer the IB-HUB1406-C in this classy anthracite aluminium.
