

MHL 5 EX

Mini hand lamp for professional use in gas and dust explosion-prone areas of Ex-zones 1, 2, 21 and 22 incl. 2x AAA batteries

This explosion-proof high-power LED torch MHL 5 EX has an impact resistant and waterproof plastic casing (IP 68). The innovative MHL 5 EX - only 14,5 cm long and 45 g heavy - is the leader among comparable torches. The Power LED emits bright white light and reaches a large beam range. The brightness for a time of approx. 4 hours is made possible by 2 micro batteries (AAA). The lamp also convinces with the long service life of the powerful, energy saving LED, making replacement of bulbs obsolete.

MHL 5 EX is especially made for inspections, maintenance and transport of dangerous goods.

The lamp is made in accordance with DIN 14649.

Special Features

- submersible til 3 m depth
- Power LED with bright white light
- light-weight, only 45 g
- long operating time: approx. 4 h
- beam range of up to 30 m
- no replacement of bulb

Article-No.: 493022

Casing material:	plastics (impact-resistant)
Bulb:	Power LED
Operating time:	approx. 4 h
Beam range:	30 m*
Luminous flux:	42 lumes*
Batteries:	2 x AAA, micro
Enclosure type:	IP 68
Temperature range:	-20 °C up to +40 °C for gas / +5 °C up to +40 °C for dust
Weight:	45 g
Dimensions in mm:	145 x 20
Ex-zone:	1, 2, 21 and 22
Ex-marking:	II 2 G Ex ib IIC T4 Gb / II 2 D Ex ib IIIC T 135°C Db

ATEX-No.: TÜV-A 13ATEX0004X

*Luminous flux (lumens) and light range (meter) measurement taken with a pack of new batteries. Listed figures are based on average data which can have a difference of +/- 10% because of tolerances of parts.
