

COMPARTMENT STORAGE BOX PSK55000-PA1-4

- For safe marking of still-to-connect wires.
- 49-compartment storage box in impact-resistant plastic for convenient on-site combination marking.
- Perfect overview – allows quick marking on mounting site.
- Transparent lid for visual confirmation of contents.
- Filled with PA1 markers and installation tools.

INFORMATION

Design

A compartment storage box with 49 removable compartments containing PA2 markers and installation tools.

The PA1 marker is a closed and adjustable marker sleeve for wires still not connected. Its unique profile with spring-action collars covers a wide diameter range.

Material

PA1: Soft PVC

Characters

PA1: The characters are hot stamped for excellent readability and long-lasting durability.

Refills

Available from the standard Partex product range

Temperature range

PA1: Shape-resistant from -30 °C to +60 °C

PA1 durability

- Flame-proof UL94-V0 @ 3 mm.
- Chemical resistance meeting Partex' testing program.
- Temperature and aging resistance meeting Partex' testing program.
