

PeakTech® 4145-3000A PROD-ID: P 4145-3000A

3000A AC Current Clamp Adapter with BNC Plug

Professional measuring transducer that allows accurate measurements of high currents up to 3000 A AC in conjunction with the PeakTech 4145. The large opening of the flexible measuring clamp allow measurements even at large conductor diameters. This current clamp adapter is ideally suited as an accessory for the power analyzers PeakTech 4145.

- Suitable as an accessory for the PeakTech 4145 power analyzer
- For conductor diameters of max. 160 mm
- Power conversion: 65mV / 1000A

| | |
|--------------------|-----------------------------------|
| ACA | 3000 A AC |
| ACA-Frequency | 50/60 Hz nominal |
| Conversion factor | 65 mV / 1000 A |
| Clamp opening max. | 160 mm |
| Accuracy | +/- 1% (+/- 2% Positioning Error) |
| EAN-13 | 4250569404283 |
