# Push-In Terminal Block

Features
• Space-saving design
• Vibration proof anti-loosening wire connection with pre-stressed spring clamp
• Easy to operate, fast wiring installation with top wire entry
• Easy mounting and dismounting from the terminal rail
• Corrosion-proof terminal points
• Low contact resistance
• Easy for the extension of terminal connection
• Easy handling and safe connection
• Connecting without tools
• Colored plates ensure safety connections and operations

Specification

|	
Wire Size	26 ... 14 AWG, 0.14 ... 1.5 mm²
Impulse Withstand Voltage	6 kV
Insulation Stripping Length	8 ... 10 mm
Number of Positions	4
Operating Temperature	-40 ... 105 °C
Terminal Block Colour	Green
Wire Connection Method	Push-In
