

Magnifying glass lamp

1.75x Euro

Super bright 60 Ultra-efficient SMD LEDs

Equipped with strong internal springs in the arm

Covered arm for full protection

Lamp head with stainless steel ring for decoration

Integrated handle for easy positioning

Heavy duty metal G-clamp

Colour Temperature 6000-6500K

Luminous flux 950 Lumen

Heavy-duty fastening clamp with 5 - 60 mm opening

Working radius: approx. 1 m

SPECIFICATION:

Lens	Glass
Colour	white
Power	10 W
Material	Metal / Plastic
Magnification	1.75x
Diameter, lens	127 mm
Energy Class	A+
Plug version	Euro
Refractive value	3 dioptre

Art. Nr.

RND 550-00121
