## Less Features

### Overview

Get the most out of your USB-C smartphone<sup>†</sup> with this Universal USB-C Phone Dock. Dock your USB-C DP Alt Mode phone to the Universal USB-C Phone Dock and connect it to an external HDMI display to extend the functionality of your phone to your television or monitor. Plug in key peripherals – like a mouse and keyboard – your Ethernet cable, and an SD and/or microSD card to enhance connectivity.

Also, dock your Samsung DeX®-enabled phone to create a full desktop experience. Plus, simultaneously charge your phone by connecting your power supply to the USB-C 3.2 Gen 1 port.

Compact, lightweight, and versatile, it can easily be taken from home, to office, to conference room. The base tilts to two different viewing angles and can support your video conferencing needs using the front or rear-facing smartphone cameras.

## Connect and Charge

---

Connect a mouse and keyboard to turn you phone into a desktop experience or simply connect to your television to watch your movies or play video games in a larger format – all while your phone is charging.

## Compact and Lightweight

---

Perfectly portable, the dock can be used at home, on the road, or in the office. Its small surface area also means it take us little room on your desk or TV stand, so it stays out of the way.
