

V7 21.5" Privacy Filter for monitors - 16:9 Aspect Ratio

PS21.5W9A2-2E

SKU: J151654

V7 Privacy Filters are excellent for open, high-traffic environments or wherever on-screen data needs to be kept private. Screen data is visible only to persons directly in front of the monitor without blurring or distortion. The filter darkens on-screen information when viewed from the side. The high-gloss finish sharpens contrast and helps to protect fragile LCD screens from scratches and damage. V7 Privacy Filters are easy to attach and remove. Sizes are available to fit most desktop displays.

- V7 Privacy Filters block out the view from either side of your screen without blurring or distortion
- Filters keep confidential information private
- Blue Light protection
- V7 Privacy Filters are reversible. The matte side reduces glare (anti-glare) while the shiny side improves clarity and color.
- Also includes Microfiber Cleaning Cloth and Mounting Tabs.

General

Sku: J151654
 Model: PS21.5W9A2-2E
 EAN: 4038489022509
 Warranty: 2 years
 Compliance: RoHS
 Country Of Origin: Korea
 Package Type: 4 Color Box
