

Solder Wire

voltera.io/store/consumables/solder-wire

Done printing? Let's add some components! Just be sure to use the Voltera recommended solder wire and plenty of flux to ensure a strong solder joint. We've chemically tested it to be most compatible with our ink.

- Alloy: Sn42 Bi57 Ag1
- Dia: 1.0 mm
- Flux: 2%
- Weight: 20g
- Recommended Temp: < 205°C (400°F)
- RoHS Compliant

SKU: 1000360
