Dual Battery-powered Soldering Iron BP865CEU

The Weller® BP865CEU Dual Power Battery-powered Soldering Iron delivers either 6 watts of power on low setting level I (380°C) or 8 watts on high setting level II (480°C), giving you the versatility you need to solder everything from microelectronics to small appliances. The BP865CEU heats to working temperature in less than 30 seconds, and can complete more than 180 solder joints on a single set of four AA alkaline batteries (included). In addition, battery power means the BP865CEU goes to where the work is with no powercord to worry about. And best of all, it's from Weller, the most trusted name in soldering products for over 50 years.

- Hundreds of uses... microelectronics, hobbies, small appliances, and more
- Heats to working temperature in less than 30 seconds
- Conical shaped tip 0,8 mm is excellent for close-in work, and chisel shaped tip 1,8 mm
- Convenient cordless operation allows unlimited mobility
- Dual heat settings (level I: 380°C or level II: 480°C) for ultimate versatility
- Storage cap with auto power shut-off
- Set includes: iron, 2 tips (conical 0,8 mm, chisel shaped 1,8 mm), 4 Duracell® AA batteries, lead-free solder, tip removal wrench and storage case
- Replacement tips available
