CONI
Integrated functionality

CONI built-in frame, short and long version

Built-in depth is 56 mm, suitable for desk or table top thicknesses of 10 mm and above.
The R5 corner radius facilitates flush mounting in desks or tables.

The brush strips can easily be replaced with colour strips; no tools are required. Simply remove the built-in frame from the top of the desk or table and unscrew the 3 re-usable plastic rivets.

CONI bracket

· For mounting CONI power strips without using a built-in frame, can be installed e.g. under a desk or table top in a cable tray. Standard spax screws (which can be purchased from all good retailers) are required for mounting.
· Takes account of the rear-side outlet and bending radii of power and data connections.
