

Off-white, RAL 9002   
 Black, RAL 9005

## THE PRODUCT

A series of cases tailored exactly to the field of mobile data collection has been developed under the name DATEC-MOBIL-BOX.

The cases combine robust functionality with a design that received an award from the iF (International Forum Design) in Hanover.

## YOUR ADVANTAGE

Installation of standardised LCDs possible (contact addresses [www.okw.com](http://www.okw.com)).

Display windows protect the fitted display modules and guarantee a high protection class IP 65 in the display area. Easy assembly with included adhesive foil.

With and without battery compartment, externally accessible.

Robust construction and attractive design.

Plain surfaces for interfaces.

Recessed operating area in order to protect the membrane keyboards.

Fastening pillars for PCBs and components. Eurocard format in size L.

Tilt foot bar for ergonomically favourable inclination, and wall suspension element for reliable storage available as accessories.

## APPLICATIONS

Particularly suitable for harsh environments.

Mobile data recording and transfer. Measuring and control technology. Stock and sales logging. Digital controlling technology.

## PROTECTION CLASS IP 65

With sealing kit (accessory) and in versions II-IV only in conjunction with the adhesive foil for the display window.

## MAX. SIZE OF PCB

DATEC-MOBIL-BOX	L x W in mm	
	bottom part	top part
S	142/104 x 72	141 x 72
M	165/115 x 90	184 x 90
L	237/190 x 108	241 x 110

(without/with battery compartment, cutouts for pillars not taken into consideration)
