## EXTENSIBLE PATCH CORDS

### GENERAL SPECIFICATIONS

- Manufactured compliant to CEI 23-50, CEI 20-20.
- Plug with parallel aligned pins in nickel-coated brass, shrouded and protected.
- Sockets with brass pockets, shielded with protection level 2.1 against accidental and voluntary contacts.

### WARNING

- Do not exceed the maximum overload power stated on the item's label.
- Regularly perform a visual check to assess the conditions of cable, plugs and sockets.
- In order to maintain the spiral effect of the cable do not extend over 70% of the linear length stated for each specific cable.
- The cable length stated below is the original linear length of the cable.
- Consult the technical guide in the final section of the catalogue.
