# Cable management
Perfect installation solutions

Bachmann banishes unwieldy cables from workstations. The KABELSCHLANGE® cable management system allows the optimum routing of cables at workstations between desk, floor box, wall duct and the various devices.

Bachmann can offer the best cable management system for every situation. Whether the cables run along the floor or are routed from the floor to the desk, the systems are mutually compatible. A well-thought-out and integrated cable management concept is available to you.

The various systems are available finished in black and silver as standard, but we can provide custom colours on request.

1	Kabelschlange / -Set
2	Easy outlet / Easy Cover
3	Easy Cover Decke
4	E-Cube
5	Kabelschlange + Easy Steel Montagestab

Flexible cable management system

· The links are safe to step on and break-proof, and can be moved about relative to one another.

· The power strip is earthed independently of the installation

· 2 connector shoulders for the transmission of forces (including torques and lateral forces)

· Special geometry enables individual cables to be unfurled through the sides of the links
  without risking crushing
