

Split cores with plastic housing for easy installation on wired cables

Feature

- Split construction permits easy insertion on pre-installed cable and installed or cables with connectors.
- Kept in a plastic case, ferrite will not crack or chip. (UL 94 V-2)
- Cable is fixed firmly by plastic housing

Applications

- For noise problems arising from office automation equipment or other digital equipment.
- Internal and external power cable.
- Internal cables between PC boards and data connectors.
- White Plastic case available.

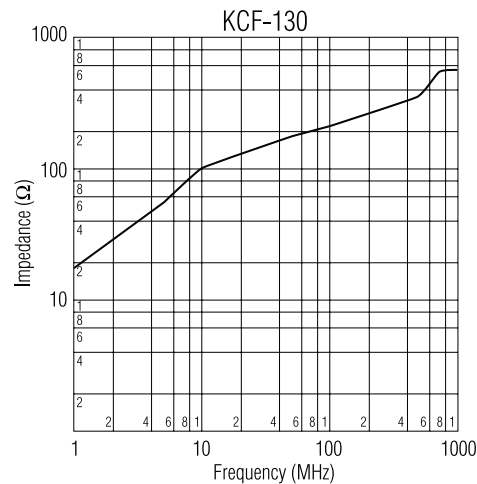

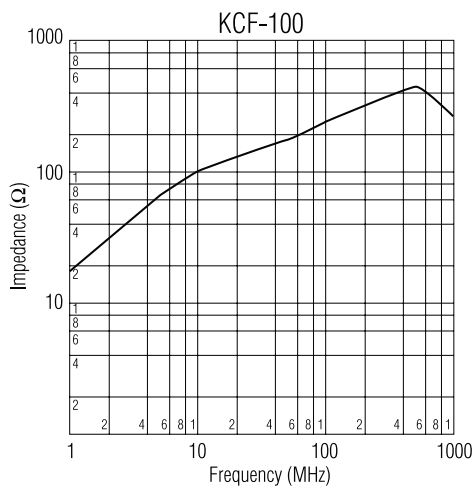

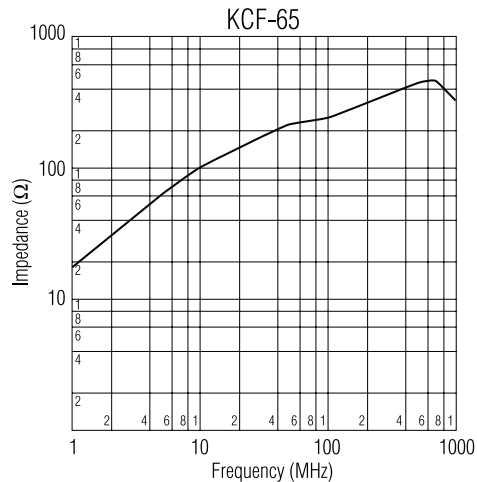

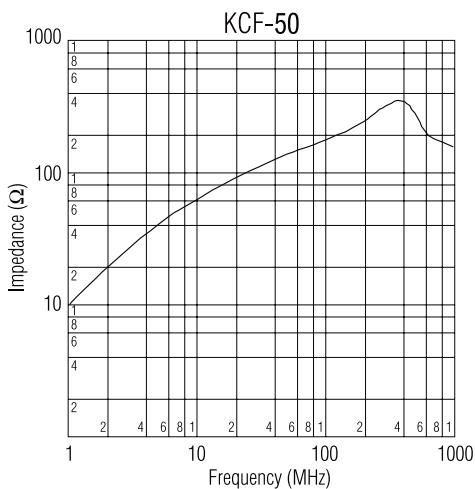

Part No.	(A)	(B)	C	Max. cable diameter	Impedance* (Ω) 25MHz	Impedance* (Ω) 100MHz
KCF-50	23.0	15.0	14.0	∅5.0	93	157
KCF-65	32.6	17.8	19.2	∅6.5	176	267
KCF-100	32.6	22.5	23.0	∅10.0	151	226
KCF-130	32.7	29.2	30.2	∅13.0	152	228

Unit: mm
