Desolder Hand-piece for CV

Metcals desolder hand-piece for the CV-5200 Soldering Systems transform the CV-5200 into a rework system for applications requiring the removal of solder such as through-hole components.

Key Features & Benefits:

- Designed for plated through-hole component desoldering
- Ergonomic easy-to-grip handle
- The hand-piece requires shop air for operation

For use with DSC Series Desolder Cartridges

Part Number	Description
CV-H5-DS	CV Desolder Hand-piece with air hose assy.
CV-H5-DSHP	CV Desolder Hand-piece only (no hose assy.)
CV-UK5	CV Desolder Upgrade Kit, Hand-piece & Work-stand

Note: The CV-H5-DS hand-piece is now shipped with the necessary air hose and fittings. Order CV-H5-DSHP if you need hand-piece only with no hose and fittings.
