Ovelo

With its unique design and cast aluminium construction, this impressive task light will stand out in any office environment. It has a high light output, and with an enclosed spring balanced arm, it gives long reach and great flexibility, yet its overall size is compact. Ovelo uses modern dimmable LEDs with a total power consumption of 6W. It also has a timer: Ovelo automatically turns itself off after 8 hours in order to save energy.

Task light constructed of aluminium and prime quality steel. Fully flexible spring balanced pivoting arm and lamp head with yaw and tilt. Available in black, white or silver grey finish.

Asymmetric light output. Fitted with 4 dimmable LEDs with a life span of 45,000 hours. Built-in timer.

Supplied with table bracket as standard. Table base available as an accessory.
