

COMPARTMENT STORAGE BOX PSK55000-PKS

- For safe marking of cables, pipes and components in difficult settings.
- 40-compartment storage box in impact-resistant plastic for convenient on-site combination marking.
- Perfect overview – allows quick marking on mounting site.
- Transparent lid for visual confirmation of contents.
- Filled with PKS markers, holders and cable ties in acid-proof stainless steel.

INFORMATION

Design

A compartment storage box with 40 removable compartments containing PKS markers, holders and cable ties.

The marker holders feature elevated precision-punching at both ends for easy pass-through of cable ties.

In case of single-character marking, single-character markers are slipped over and combined with the marker holder.

Material

PKS: Acid-proof SIS 2348 grade stainless steel conforming to: EN 1.4404, AISI 316L, BS 316S 11

Characters

PKS: Precision-punching with superior readability.

Refills

Available from the standard Partex product range.

Temperature range

PKS: Incombustible.

PKS durability

Excellent durability against heat, cold, corrosion, acids and chemicals.
