

# Ultrafast Recovery Rectifier Diode

DO-41 plastic 100 V

## FEATURES:

Ultrafast recovery time for high efficiency

Low forward voltage

Low leakage current

High surge current capability

## SPECIFICATION:

Peak off-state voltage 100 V

Forward current 1 A

Recovery time 50 ns

Housing type DO-41 plastic

Configuration Single

Operating temperature -50...+150 °C

Conducting-state voltage 1 V

Art. Nr.

RND UF4002
