

EPIC® ULTRA H-B 16 TS QB

Housing H-B ULTRA: for higher functional reliability
 Optimum, low-resistance 360° screening
 All-purpose due to high corrosion resistance and high environmental protection.
 Space-saving due to compact dimensions
 Faster than any other comparable system
 High mechanical resistance

Good chemical resistance

Wide clamping range

Assembly time

Optimum strain relief

Space requirement

Robust

Connector with standard housing unit

Interference signals

Waterproof

Info

EMC protection
 Corrosion-resistant
 SKINTOP® integrated cable gland

Application range

Construction machinery
 In EMC-sensitive environments
 For fixed and flexible applications (e.g. machinery building, wind turbines)
 Electric motor manufacturing

Product features

Housings with the BRUSH addition come with BRUSH cable screen contacting
 Pluggable with standard housings
 Corrosion-resistant according to DIN EN 6988
 Resistance to cyclic salt spray is tested according to IEC 68-2-52, severity level 2
 Salt spray testing according to DIN EN ISO 9227, method NSS, period of test 480 hours

Technical Data

Material:	Housing: nickel-plated zinc die-casting Lever and bolts: stainless steel Sealing: NBR Cable gland Body: nickel-plated brass Insert: PA Seal: special elastomer
Protection rating:	IP 68
Temperature range:	-40°C to +100°C
