Tool name: Exchangeable Zn-alloy insert for RJ45 8P unshielded modular plugs
Tool code: U7304
Applicable tool: K730 crimp hand tool frame
Country of origin: Croatia (EU)
Customs tariff number: 82079091

Ni-plated Zn-alloy inserts

FEATURES

- Inserts are made of precise casted special zinc alloy.
- Toothed segment for pressing bronze contacts is made of high-quality hardened steel, highly precise and within narrow tolerances.
- Reliable and quality connections are achieved.
- Correct positioning of each wire due to third segment in the middle.
- Constant high quality of crimped contacts.
- Long life tool
- 30.000,00 crimp cycles

TECHNICAL DATA

Type	Length [mm]	Width [mm]	Height [mm]	Weight [g]
U7304	29	22	31	90

APPLICABLE CONNECTORS
