

DIGITUS VGA to HDMI Converter incl. audio transmission

DS-40130-1
EAN 4016032365662

Video Converter VGA/Audio to HDMI Video resolutions up to 1920x1080 pixel (Full HD), small housing, black

The DIGITUS DS-40130-1 converts your analog VGA signal to a digital HDMI signal. Thus enables you to connect your devices with just a VGA port, easily to a HDMI monitor, TV or video projector. The VGA input just transfer the video signal so the converter has an additional cinch-audio jack port. Any existing audio signal will be converted and integrated into the HDMI signal. This allows an extra audio playback through the HDMI signal.

Converts a VGA signal to a HDMI video signal

- Converts video and audio signals from VGA to HDMI
- Connect your older devices with just a VGA port to TV's, displays or projectors
- No software or driver installation required
