

Art No. UA0216

USB3.0 2-port Sharing Switch

UA0216 allows two computers to share one USB printer or one USB3.0 device. It provides you a great solution to share USB devices between two 2 PCs to save the limited budgets on USB devices. This switch can support up to data transfer rate to 5Gbps.

It is built-in not only one push button but also "Hot Key" function for PC compatible. There is only one computer can access USB3.0 device each time. The "Hot Key" function enables the user to press the select button without leaving the desk and retrieve the USB port back to him right away. It can also be connected to a USB hub. To expand the number of devices, you can share between the two connected systems.

Feature:

- 2 PCs share one USB printer or the other USB3.0 device
- Supports data transfer rate up to 5 Gbps
- Plug-and-Play
- USB Bus Powered, no additional power adapter or wall outlet required
- Using push button, Hot Key to switch USB device port between PCs and easy operation
- LED indicator work status
- Compatible with USB 1.1 / USB 2.0 / USB 3.0
- Connects a USB hub to share additional peripherals
- Supports Windows 2000 / XP / Vista / 7 / 8 / 8.1 and Mac OS 10.3 and higher
