

# A round of screwdrivers - Set 1, 17 pieces

Innovations and Spring / Summer Campaign 2019

**EAN:** 4013288207548  
**Part number:** 05134340001  
**Article number:** Eine Runde  
Schraubendreher Set 1

**Size:** 330x330x50 mm  
**Weight:** 1730 g  
**Country of origin:** CZ  
**Customs tariff number:** 82054000

## A round of screwdrivers - Set 1, 17 pieces

### Innovations and Spring / Summer Campaign 2019

- Promotion set with 11 screwdrivers for the most common screw profiles
- Limited edition with serving tray, bottle opener and four coasters
- Take it easy tool finder: colour coding according to profile and size
- Includes tools with Lasertip technology in the screwdriver tip for more grip in the screw head
- Ideal gift for Father's Day and other occasions

11-piece screwdriver promotion set with serving tray in the Tool Rebel design plus iconic Wera bottle opener and four Tool Rebel beverage coasters. Bottle opener and screwdriver with „Kraftform Plus handle“ for comfortable ergonomic screwdriving, which avoids blisters and calluses. Hard grip zones for comfort at high working speed and soft grip zones guarantee high torque transmission. „Take it easy“ tool finder with color coding according to profiles and size stamping - for easy and quick finding of the required tool. Partly with Lasertip: The tip of Wera Lasertip screwdrivers is roughened microscopically with laser beams. This rough surface literally „bites“ into the screw head. Accidental slippage is a thing of the past.

## A round of screwdrivers - Set 1, 17 pieces

Innovations and Spring / Summer Campaign 2019

### Serving tray

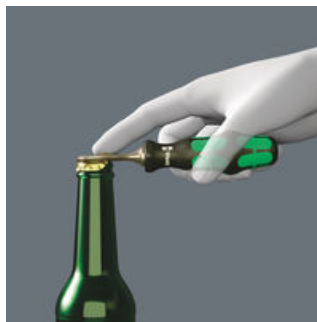

With serving tray in Tool Rebel design.

### Beverage coasters

With four Tool Rebel beverage coasters.

### Bottle opener

Plus iconic Wera bottle opener.

### Series 900 – the Chiseldriver

The chiseldriver is the solution for jobs that require more than just screwdriving. For fastening, chiselling and loosening seized screws or hose clamps. With an integrated impact cap that extends service life and reduces the risk of splintering. With a pound-thru hexagon blade made from high-grade material for zero-loss transfer of high forces when struck with a hammer. The tough viscous tempered material prevents the blade from splintering or breaking. More TORQUE can be transferred by attaching an open-jawed or ring spanner to the integrated hexagon bolster.

**Kraftform Plus – Series 100 VDE**

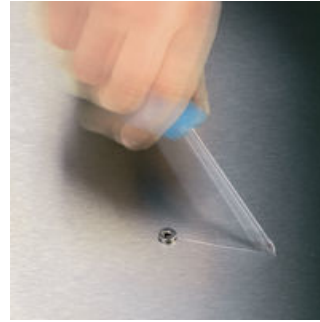

Our screwdrivers are tested for dielectric strength under a 10,000 volt load to make sure that their most important property, their insulation, has been exhaustively tested. Each individual Wera VDE screwdriver is subjected to this test to guarantee safe working up to 1,000 volts.

**Kraftform Screwdrivers Series 300**

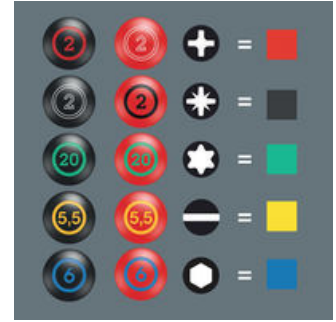

Kraftform Plus screwdrivers – ergonomics you can grasp. They relieve the entire hand-arm system even when used intensively. Along with other technical and product advantages such as the Lasertip for a secure fit in the screw head, Kraftform screwdrivers are the ideal choice whenever manual screwdriving jobs are concerned.

**Lasertip prevents slipping out**

It happens time and time again that the tip slips out of the screw head when screwdriving, sometimes damaging valuable surfaces or even causing injury. The tips of the Wera Lasertip screwdrivers are microscopically roughened by means of a laser. This rough surface literally “bites” itself firmly into the screw head. Slipping out becomes a thing of the past.

**“Take it easy” Toolfinder**

Screwdrivers with “Take it easy” tool finder: colour coding according to profile and size stamp.
